

## **Distance Learning Questions for School Team**

How is this distance learning plan individualized for my child?

How does this distance learning plan differ from his/her IEP?

How is this distance learning plan calculated to maintain my child's current skills (to prevent regression)?

How will this allow my child to access his/her education?

I am concerned about (list your concerns) during distance learning - how will the district help with that?

My child learns best by (describe your child's learning needs) - how can the district support that during distance learning?

If I disagree with something in the distance learning plan, or something isn't working and needs to be changed, what steps do I need to take to get those changes made? What are my rights related to the distance learning plan?

How often will the District check in with us to see how the DLP is going? Who can we expect to hear from?

What is implementation of related services (e.g., speech/language therapy, occupational therapy, counseling, physical therapy, etc.) going to look like during the distance learning plan?

How will progress toward IEP goals be monitored? How will progress within the class curriculum be monitored?

We have an annual IEP due - how is this being handled?

My student's annual IEP meeting was unilaterally postponed by the District. When will it be rescheduled?

We are in the middle of assessments - how does this impact the assessment timeline? Will my child continue to be assessed?

If we have technology issues related to distance learning, whom should we contact?
